

Program At a Glance

KSC	대한심장학회
KHRS	대한부정맥학회
KSIC	대한심혈관중재학회
KSE	한국심초음파학회
KSoLA	한국지질·동맥경화학회
BEC	순환기의공학회

20-Apr	1F				2F	
	101	103	105	107	201	202
09:30-11:00	[Vascular] Inflammation & Atherosclerosis			[KSoLA 1] Vascular Inflammation and Remodeling <small>JPN</small>	[Myocardial Infarction 1] Beyond Evidence-Based 'To Do and Not to Do'	[KHRS 1] ECG Interpretation: A Case-Based Review
11:10-12:40	[Women Heart Disease] Aging & Heart in Women	[Hypertension] Unresolved Issues in HT		[KSoLA 2] Understanding Cardiometabolic Nutrition: A Cell to Neighborhood Perspective	[Myocardial Infarction 2] Emerging Landscape	[KHRS 2] Stroke Summit: Stroke Prevention and Anticoagulation <small>TWN</small>
12:40-13:20	Scientific Session [MSD] The Latest Updates on the Management of Patients with CVD	Scientific Session [Boryung] Hypertension : Update 2018	Scientific Session [Hanmi] Optimal CVD Control with Triple Therapy Based on "Amlodipine/Losartan" FDC	Scientific Session [Pfizer] Secondary CV Prevention: Where We Are Now?	Scientific Session [Bayer] Confidence through Real World Experience with Rivaroxaban	Scientific Session [BMS] Choose the Right NOAC to Protect AF Patients from Stroke and Bleedings
13:20-13:40	Break					

13:40-14:30				[KSoLA 3] Debate Session ; Highly Intensive Lipid Lowering Therapy in DM without CVD - CV Risk and LDL-Cholesterol Target		Eng [Memorial Lecture] <small>USA</small>
14:30-16:00	[KSE 1] Issues Regarding Valvular Diseases	[Heart Failure 1] Management of Advanced Heart Failure		[KSoLA 4] Always Curious Questions ; Dyslipidemia and Atherosclerosis	[KSIC 1] How to PCI: Lectures for Beginning Cardiologists	[KHRS 3] AF Summit: Atrial Fibrillation <small>USA</small>
16:10-17:40	[KSE 2] Instructive Cases Assessed by Echo and Its Friends	Eng [Cardiometabolic Syndrome] Crosstalk in Cardiometabolic Syndrome <small>USA</small>		[KSoLA 5] Update Session ; How to Interpret Recent CV Outcome Trials and Future Perspective	[KSIC 2] Dr., I Have Chest Pain: Non-interventional Management	[Smart Healthcare] Application of Smart Healthcare in Cardiovascular Disease

*Scientific Session 참석시 식사가 제공됩니다.

21-Apr	1F				2F	
	101	103	105	107	201	202
09:00-10:30	[Imaging] Multimodality Imaging in Valvular Heart Disease and Valvular Calcification	Eng [Epidemiology] Epidemiologic Research Using National Big Data <small>UK</small>	[BEC 1] Meet the Experts of Biomedical Engineering Society for Circulation 1	[Adult Congenital Heart Disease]	Eng [KSIC 3] Take the Next Step in PCI: Treating Complex and Higher-Risk Indicated Patients (CHIP) <small>JPN</small>	
10:40-12:10	[Health Policy] Regional Variability in Cardio-Vascular Health Care Delivery	[Cardiac Surgery] Current State-of-the-Art of Coronary Artery Surgery	[BEC 2] Meet the Experts of Biomedical Engineering Society for Circulation 2	[Pediatric Cardiology] Coronary Artery Problems	[Joint Seesion] [Imaging & Intervention] Treatment of Coronary Artery Disease: 40 Years of PCI, Where Next?	[KHRS 4] Device Therapy in Heart Failure
12:10-12:50		Scientific Session[Daiichisankyo-Daewoong] Achieving Best Outcomes for Patients with Cardiovascular Disease with Olmesartan and Edoxaban	Scientific Session [Takeda] New ARB, Edarbi for New Hypertensive Patients	Scientific Session [Samjin] Risk Management of Cardiovascular and Cerebrovascular Disease and Treatment of NOAC	Diamond Session[Bayer] Protecting Multi-Morbid Patients with NVAf through Responsible Use of Rivaroxaban	Diamond Session [BMS] How Inconsistent Is NOAC Dosing in AF?
12:50-13:10	Break					

13:10-14:30	[KSE 3] Issues Regarding Hypertrophic Cardiomyopathy	[Heart Failure 2] Updates in Management of HF	Eng [Basic Research 1] Inflammatory Signaling in Heart and Vascular Disease <small>JPN</small>	Eng [Pediatric Cardiac Surgery 1] Coronary Artery Anomalies <small>USA</small>	[KSIC 4] TAVR and Beyond	[KHRS 5] PSVT and VT
14:40-16:00	[KSE 4] Instructive Cases Assessed by Echo and Its Friends	[Heart Failure 3] Discuss with Cases	Eng [Basic Research 2] Cardiac Metabolism <small>JPN USA</small>	Eng [Pediatric Cardiac Surgery 2] Atrioventricular Valves <small>USA</small>	[KSIC 5] Hemodynamic Support	[KHRS 6] CIED and Sudden Cardiac Death

*Scientific Session, Diamond Session 참석시 식사가 제공됩니다.
