

KSC 2015

16 Fri. ~ 17 Sat.
October

KINTEX
Goyang, Korea

The 59th Annual Scientific Meeting of
The Korean Society of Cardiology

“One Heart, One Life”

16 SPECIAL LECTURES

Fri.

- 01. Signalings Under Heart Failure, Ischemia, and Cell Senescence (With JCS)
- 02. Global Perspectives of Heart Failure (With AHA)
- 03. Stratification of Cardiovascular Disease Risk (With AHA, CSC, JCS)
- 04. Stroke Prevention in Atrial Fibrillation: Drug & Device (With ACC)
- 05. PCI Techniques for Bifurcation (With TSOC: Taiwan)
- 06. Plenary Session
- 07. What I Have Accomplished

SYMPOSIUM

- 01. Three-Dimensional Echocardiography
- 02. Abnormals in Asymptomatics
- 03. Case-Based Tutorials: Anti-Arrhythmic Drug
- 04. Revascularization of Multivessel Disease
- 05. Tough Clinical Decisions Under Heart Failure Conditions
- 06. Prediction and Prevention of Coronary Artery Disease
- 07. Pediatric Cardiomyopathies
- 08. Metabolic Syndrome in Women
- 09. Health Policy on Cardiovascular Disease
- 10. Functional and Anatomical Imagings; A Showdown?
- 11. Treatment of Heart Failure Under Valvular Heart Disease, Ischemia, and End-Stage Heart Failure
- 12. From the Study Design to Analysis
- 13. Health Communication for Cardiovascular Disease Prevention and Management

Young Investigator Competition
Original Paper Presentation
Mini Oral 1
Poster Exhibition 1
Scientific Session 1-4

17 SPECIAL LECTURES

Sat.

- 01. Imaging Approaches to Heart Failure and Plaque Burden (With ESC)
- 02. Minimizing Complications; Approaches and DEB (With CSC: China)

SYMPOSIUM

- 01. Novel Responses of Non-Myocytes to Cardiac Injury
- 02. Right Ventricle & Pulmonary Hypertension
- 03. Cardiovascular Disease Risks in Diabetics
- 04. Aortic Arch Aneurysm; Surgery vs Hybrid TEVAR
- 05. Reconsideration of Current Practice in Primary PCI
- 06. Modifiers of Cardiometabolic Disease
- 07. Case-Based Tutorial: Heart Failure Device Therapy
- 08. Novel and Updated Endovascular Therapy
- 09. Updates in Hypertrophic Obstructive Cardiomyopathy
- 10. Techniques to Implementation
- 11. Salvaging Myocardium and Saving Lives
- 12. Rationale of Post-PCI Anti-Platelet Therapy
- 13. Complications of Intervention and Surgery
- 14. Ethical and Regulatory Problems of Clinical Trials
- 15. Managing Kidney and RAS for BP Control
- 16. Case Based Tutorial: Syncope
- 17. Diamond Symposium by Bayer

Original Paper Presentation
Mini Oral 2
Poster Exhibition 2
Scientific Session 5-6
For the Allied Professionals

사전등록 **9월 20일(일)까지**

후원 **DIAMOND** 바이엘 **PLATINUM** 보령제약, 엠에스디 **GOLD** 베링거인겔하임, 아스트라제네카, 화이자 **SILVER** 대웅제약, 삼진제약

주최 **대한심장학회** & **심장학연구재단** **평점** 의사협회 12점, 내과분과 2점
