

순환기관련학회 춘계통합학술대회

Korean Cardiology-Related Societies Joint Scientific Session

& The Pulse of Asia 2013 Seoul

일 시_ 2013.4.19(금)~20(토) 장소_ 그랜드 힐튼 호텔(홍은동)

From “ECG” to “Cutting Edge Technology and Basic Research of Heart”

| 대한심장학회 |

4월 19일(금) 08:00~17:30

- Interesting EKG
- Best of ACC
- EECF
- Allied Professional 1, 2
- Symposium
 1. Atrial Fibrillation as a Systemic Disease
 2. Harmonizing Cardiovascular Imaging and Electrophysiology
 3. Master Class in Coronary Intervention
 4. Debates on Hot Issues
 - Is Cell Therapy Necessary for the Treatment of Ischemic Heart Disease?
 - Do We Need Genotyping for Antiplatelet Therapy?
 5. Mechanical Circulatory Support and Surgical Therapy in Advanced Heart Failure
 6. What's Different in Korean Heart Failure
 7. Multimodality Imaging of Viable Myocardium
 8. Stem Cell Therapy in CVD: Where We are?
 9. Device (CIED) Treatment in Heart Failure

4월 20일(토) 08:30~15:30

- Suh, Soon-Kyu Memorial Lecture
Aging and Heart - Edward G. Lakatta / NIH, USA
- Symposium
 1. Antithrombotic Therapy Update in Coronary Artery Disease
 2. Current Status in Aortic Interventions
 3. Cardiomyopathy With Wide QRS Complex
 4. Chest Pain in Woman; What is Your Diagnostic Plan?
 5. Is There (Real) Gender Difference in Prognosis of Ischemic Heart Disease?
 6. Receptors as Therapeutic Target of Cardiomyopathy
 7. Recent Trend in Hypertension Management: From Basic to Therapeutics
 8. Sinus Node Dysfunction vs. Atrial Fibrillation
 9. Transposition of Great Arteries
 10. Ebstein Anomaly
 11. Echocardiographic Evaluation of Congenital Heart Disease in Adult

| 한국심초음파학회 |

4월 19일(금) 16:00~17:30

1. Echo for Non-Invasive Hemodynamic Assessment

4월 20일(토) 08:30~15:30

1. Pericardial Disease
2. Debate Session
 - Echocardiography in Aortic Disease: the Role of Echocardiography in Patients With Acute Aortic Syndrome
 - 3D Echocardiography in Valvular Heart Disease
3. Role of Echo in Critically Ill Patients

| 한국지질·동맥경화학회 |

4월 19일(금) 08:30~17:30

1. Basic Principles of Physical Activity
2. Cardiovascular Risk Factor
3. The Role of Lipid Particles in the Development Atherosclerosis
4. Recent Progress of Drug Therapy in Dyslipidemia

| The Pulse of Asia 2013 Seoul |

4월 19일(금)~20일(토) 07:30~18:00

- Plenary Session
- Special Guest Lectures
- Breakfast Workshop
 1. Technique to Detect Vascular Aging From Bench to Clinic
 2. BP Variability - Understanding and Implication in Clinic
- Session
 1. Vascular Physiology
 2. Vascular Aging and Calcification (With NAAS)
 3. Vascular Imaging (With ASCI)
 4. Vascular Diagnostics
 5. Therapeutics & Clinical Trials (With Artery Society)
 6. Vascular Aging and Its Perspective

※의사협회 평점: 12점

※내과분과 평점: 4점

※산학학술 세션: 4월 19일(금)~20일(토) 12:30~14:00
