

2014 순환기관련학회 공동개최 통합학술대회

일시 _ 2014년 4월 18일(금)~19(토)
장소 _ 광주 김대중 컨벤션센터

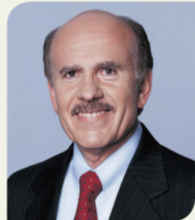

대한심장학회 & 심장학연구재단

Highlight Session

· Suh, Soon-Kyu Memorial Lecture

Louis J. Ignarro/UCLA, USA (1998 Nobel Laureate in Medicine)
The Role of Nitric Oxide in Cardiovascular Disease: History and Discovery of a Unique Gaseous Signaling Molecule "Nitric Oxide"

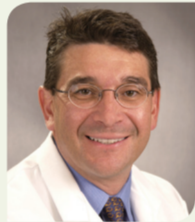

· Plenary Session 1

Arthur. A. M. Wilde/Amsterdam Univ., The Netherlands
Gene for Sudden Cardiac Death

· Plenary Session 2

Walter J. Koch/Temple Univ., USA
GRK2 Inhibition as an Emerging Target for Heart Failure Treatment

· Interesting ECG

4월 18일(금) 08:30-18:30

Interesting ECG / KSC-JCS Joint Symposium / LIVE 1 /
Plenary Session 1 / Allied Professional 1

Symposium

1. Cardiovascular Aging (Review)
2. Heart Failure With Preserved Ejection Fraction
3. Current Status of Acute Myocardial Infarction in Japan and Korea
4. Coronary Microvascular Disease vs Microvascular Angina vs Cardiac Syndrome X
5. New Insights in Cardiovascular Research
6. New Therapeutic Approach for Heart Failure
7. Cardiovascular Multimodality Imaging for Coronary / Cardiac Intervention
8. RAS and its Companion: the Future
9. Debate Session - Optimal Imaging Technique Prior to TAVI

Opening Ceremony / Suh, Soon-Kyu Memorial Lecture

4월 19일(토) 08:30-16:40

Plenary Session 2 / Allied Professional 2 / 시민강좌

Symposium

1. Predictors of SCD
2. Pulmonary Vein Anomaly
3. Selection of Super-Responders for Arrhythmia Interventions
4. Vascular Disease; Function and Structure
5. Genetics in Pediatric Cardiology
6. Arrhythmia-Debate 1 & 2
7. Vascular Biomarker; Implication in Prevention
8. TOF Revisit
9. Hypertension & Arrhythmias
10. Surgical Rhythm Control Strategies for AF
11. Pulmonary Hypertension in Adult CHD

한국심초음파학회

4월 18일(금) 15:40-17:10

Symposium

A New Way of Looking Heart Valve Disease

4월 19일(토) 08:30-15:00

Symposium

1. Oral Presentation
2. Special Lecture
3. Echocardiography for Post Procedural & Postoperative Problems
4. 3D Echocardiography for Myocardial Deformation Imaging
5. Evaluation of Acute Chest Pain Syndrome

한국지질·동맥경화학회

4월 18일(금) 09:00-17:10

Symposium

1. Nutrition and Exercise: Approach to the Controls of Obesity and Related Metabolic Disorder
2. Cardiomyocyte Differentiation and Vascular Remodeling
3. Ectopic Fat and Cardiometabolic Risk
4. Atherosclerosis; New Diagnostic, Treatment Perspective and Prevention Guideline

대한심혈관중재학회

4월 18일(금) 14:10-17:10

LIVE 2

4월 19일(토) 08:30-16:40

Symposium

1. Debates in Peripheral Intervention
2. Use of Adjunctive Imaging During PCI in ACS
3. Stem Cell Research in Cardiovascular Medicine
4. Recent Update in PCI Guidelines

※ 의사협회 평점 : 12점 (18일-19일) / 내과분과 평점 : 4점 (18일-19일) /
산학학술세션 : 4월 18일(금) 12:20-13:00, 19일(토) 11:50-12:30
